

League members:

It has been brought to my attention, that our constitution needs another amendment in regards to the playoff overtime rule. Since there is nothing in the constitution, the executive has chosen to make the following decision for all age groups:

In playoffs, for the 2009/2010 season, overtime will consist of a 5-minute sudden death overtime. If no winner is declared in that allotted time then teams will break and a 20 minute sudden death overtime will take place.

It has also been brought to my attention a number of times of referees in playoffs. The executive understands how hard it is to get referees. However, in playoffs, we would like to see an **adult** on the ice for all age groups. With an adult on the ice, it should limit the complaints to your association and also to the executive.

Thank you,

Craig Geekie
President Parkissimo Hockey League
